

The WATA TECH Global ICT Forum 2024 – WATA TECH

Friday, 13.09.2024 The WATA TECH Global ICT Forum 2024 Join WATA TECH at the Global ICT Forum 2024 to explore strategic collaborations with Korean tech leaders, elevate Vietnam's technological intelligence, and drive the future of IT services through innovation and partnership. A Comprehensive Strategic Plan to Drive Global Market Collaboration and Elevate Vietnam's Technological Intelligence on a Regional Scale In an era defined by rapid technological advancements and digital transformation, WATA TECH recognizes the importance of global collaboration to elevate Vietnam's position in the tech industry. The Global ICT Forum 2024 is a prime opportunity for WATA TECH to strengthen its ties with international markets, particularly focusing on strategic alliances with Korean technology companies. This forum is set to be a melting pot of ideas, innovations, and potential partnerships that will shape the future of IT services and solutions. WATA TECH's participation underscores its commitment to expanding its influence beyond Vietnam's borders, aiming to integrate Vietnam's technological prowess into the broader regional and global market. Engaging with Korean Clients for Longterm Collaborative Success At the ICT Forum 2024, WATA TECH will actively engage with Korean market leaders, fostering discussions that could lead to longterm collaboration. South Korea, known for its leadership in technology, innovation, and digital infrastructure, presents a wealth of opportunities for partnerships. WATA TECH aims to leverage these opportunities by showcasing its capabilities in delivering cutting-edge IT solutions. The goal is to not only secure business deals but to build sustainable relationships that drive mutual growth. By aligning WATA TECH's innovative capabilities with the needs and trends of the Korean market, the company envisions a future where both countries benefit from shared expertise and resources.

Source from WATA TECH share Commitment to Delivering Superior Quality in IT Outsourcing Projects Quality remains a cornerstone of WATA TECH's business philosophy. At the forum, the company will highlight its commitment to excellence in every project it undertakes. Whether it's software development, system integration, or IT consulting, WATA TECH's focus is on delivering results that meet the highest standards. This dedication to quality ensures that WATA TECH's clients, both current and future, can rely on the company to provide reliable and effective solutions. By prioritizing quality, WATA TECH not only builds trust with its partners but also strengthens its brand as a leading IT service provider.

VietnamKorea ICT Forum 2024: Focusing on Technology and Market Growth for a Brighter Future The VietnamKorea ICT Forum scheduled for May 30th, 2024, marks a significant milestone in the ongoing partnership between the two nations. This forum will bring together industry leaders, policymakers, and innovators to discuss and plan the future of technology and market collaboration. As a key participant, WATA TECH will play an active role in these discussions, bringing its vision and expertise to the table. The forum will serve as a platform for sharing insights on how to harness technology to drive economic growth and improve quality of life. With a focus on longterm sustainability and innovation, the VietnamKorea ICT Forum is set to be a catalyst for transformative change in the tech industry. Mr. Luc Nguyen CEO of WATA TECH Strategic Focus on IT Technology to Elevate Vietnam's Role on the Global Stage At the heart of the VietnamKorea ICT Forum is a strategic focus on enhancing Vietnam's IT capabilities. WATA TECH is committed to driving this agenda forward by promoting the adoption of advanced technologies and innovative solutions. The company's

strategy is to not only contribute to Vietnam's economic development but also to position the country as a key player in the global IT landscape. By fostering a collaborative environment where ideas and technologies can be exchanged freely, WATA TECH aims to create a network of partnerships that will drive the industry forward. This strategic focus is not just about immediate gains but about laying the groundwork for sustained growth and leadership in the IT sector.

Advancing Digital Technology Discussions for Future Planning and Success

The future of digital technology is a topic of paramount importance, and WATA TECH is at the forefront of these discussions. At the ICT Forum 2024, the company will engage in deep discussions about the planning and implementation of digital technologies that will shape the next decade. This involves not only understanding the current trends but also anticipating future needs and challenges. By being proactive in these discussions, WATA TECH aims to position itself as a leader in digital innovation, providing solutions that are not only relevant today but will also be critical in the future.

Commitment to Brand Enhancement and Market Development through Quality and Scalable Project Execution

WATA TECH's strategy for the future revolves around the twin pillars of quality and scalability. The company understands that to maintain its competitive edge, it must deliver projects that are not only of high quality but also scalable to meet the growing needs of its clients. This approach ensures that WATA TECH can adapt to changing market conditions and client requirements, providing solutions that are both effective and efficient. By focusing on these areas, WATA TECH aims to enhance its brand and expand its market presence, both in Vietnam and globally. The company's dedication to excellence will be a key theme at the forum, highlighting how quality and scalability are integral to its success.

Leadership Insights: Mr. Luc Nguyen's Vision for Toptier IT Services

One of the highlights of the forum will be the insights shared by Mr. Luc Nguyen, Chairman of WATA TECH. Mr. Luc Nguyen is expected to discuss the company's approach to delivering toptier IT services, focusing on the methods and strategies that ensure quality and client satisfaction. His presentation will cover various aspects of IT service delivery, from project management to quality assurance, offering valuable insights into how WATA TECH maintains its high standards. By sharing these insights, Mr. Luc Nguyen aims to inspire other industry leaders to adopt similar approaches, contributing to the overall improvement of the IT service industry.

Source from WATA TECH share The Importance of the VietnamKorea ICT Forum for the Future of IT Services
