

# Custom Offshore Software Development in Vietnam: A Strategic Choice for Global Businesses – WATA TECH

Friday, 28.03.2025 Custom Offshore Software Development in Vietnam: A Strategic Choice for Global Businesses Looking for custom offshore software development in Vietnam? Discover why Vietnam and WATA TECH is the ideal partner for cost-effective, high-quality, and flexible software solutions tailored to your business goals. In today's fast-paced digital transformation era, businesses are under increasing pressure to innovate while keeping costs under control. Custom offshore software development has emerged as a strategic solution, allowing companies to scale efficiently without compromising on quality or speed. Among the top offshore destinations, Vietnam stands out as a rising tech hub in Asia. With a large pool of skilled engineers, competitive pricing, and a supportive business environment, Vietnam especially through experienced partners like WATA TECH is becoming a go-to choice for global businesses.

**Why Choose Vietnam for Custom Offshore Software Development?**

- 1. Highly Skilled IT Workforce** Vietnam boasts over 400,000 software engineers, many of whom are well-trained and experienced in working with global clients. Popular technologies include .NET, Java, Python, React, Flutter, and cloud platforms such as AWS, Azure, and GCP.
- 2. Competitive Development Costs** Software development costs in Vietnam are 50-70% lower than in North America, Europe, or Australia without compromising on quality standards.
- 3. Supportive Business Environment** The Vietnamese government actively promotes the tech industry through tax incentives, infrastructure investment, human resource training, and international cooperation programs.
- 4. Strong English Communication** A large proportion of Vietnamese IT professionals possess strong English communication skills, especially in technical and project-based environments.
- 5. Convenient Time Zone** Located in GMT+7, Vietnam is well-positioned to collaborate with clients across the Asia-Pacific, parts of Europe, and even North America with overlapping working hours.

**WATA TECH – Your Trusted Offshore Software Development Partner in Vietnam**
